## Welding Goggles

### MODEL 20-1675-5 FIXED-FRONT CUP-STYLE WELDING GOGGLES

Features fixed front cups with 50mm shade 5 filter lens and clear cover glass lens. Soft and flexible frame provides a snug and comfortable fit over the face or RX glasses. Four indirect vents on the bottom and top provide effective air circulation. Also accommodates magnifier lenses. Meets ANSI Z87.1

### MODEL 9-WG6G CUP GOGGLES

Features heat-resistant one-piece molded ABS cups with 50mm shade 5 filter lens and clear cover glass lens that conforms to the contours of the face. Adjustable nosepiece and head band provides a snug and comfortable fit. Two indirect vents on each side provide effective cooling. Meets ANSI Z87.1

### MODEL 20-1775-5 FIXED-FRONT WELDING GOGGLES

Features soft and flexible frame for a snug and comfortable fit over the face or RX glasses. Provided with standard 2" x 4-1/4" shade filter 5 lens and clear cover glass lens in a heat-resistant retainer. Six indirect vents on each side, bottom and top provide effective air flow. Also accommodates magnifier lenses. Meets ANSI Z87.1

### MODEL 20-1710-5 LIFT-FRONT CUP-STYLE WELDING GOGGLES

Features soft and flexible frame for a snug and comfortable fit over the face or RX glasses. Provided with standard 2" x 4-1/4" shade filter 5 lens and clear cover glass lens in a heat-resistant retainer. Quick lift front and clear protective lens provides quick change from welding work to the others. Six indirect vents on each side, bottom and top provide effective air circulation. Meets ANSI Z87.1
